

12/10/2004

Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Gentlemen:

This letter is to comply with Section 15.203 for Professional Installation.

Intended Use

Digital Path uses this product in an outdoor environment as a last mile wireless internet access product which is installed by trained technicians. The antenna is directly soldered onto the PCB without any connectors all housed within a water-proof enclosure.

Method of marketing

Digital Path utilizes the product on both a retail (end-user of Digital Path) and wholesale basis (Licensees or Wholesale Partners) to provide last mile internet access to local and national ISP's.

Sincerely,

A handwritten signature in dark ink that reads "Brock Eastman". The signature is written in a cursive, flowing style.

Brock Eastman, VP R&D
Digital Path, Inc
