

BLUETOOTH SLAPBAND SPEAKER

SLAP»SYNC»JAM

INTRODUCTION

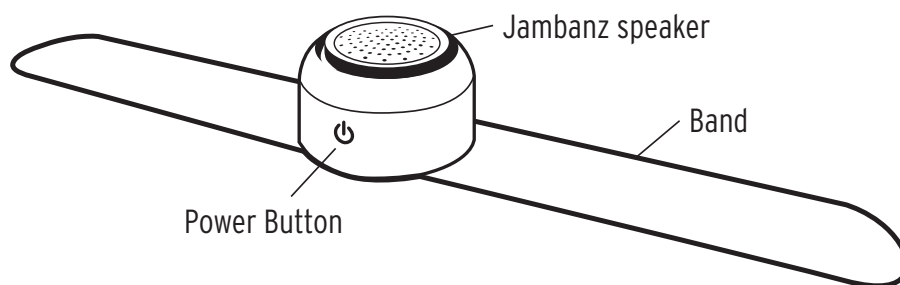

Thank you for purchasing your Jambanz wearable speaker. This product is designed to provide high quality wireless sound for your iPad™, iPhone™, iPod™, computer or other Bluetooth® audio device. This Quick Bluetooth Connection Guide explains the basic operation and care of the unit. Please read them carefully and keep for future reference.

Maintenance

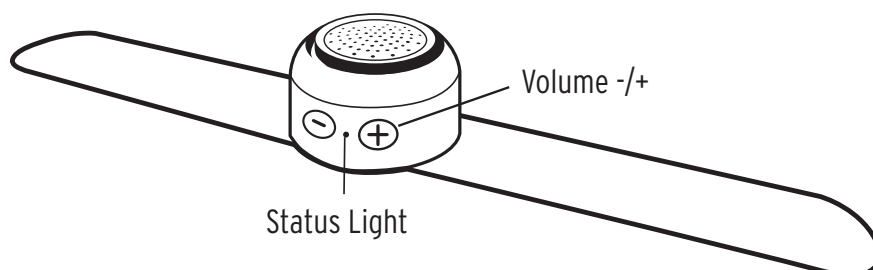

- Store your Jambanz bracelet in its “flat” state, on a level surface away from sources of direct sunlight or excessive heat.
- Clean your unit with a soft cloth lightly moistened only with mild soap and water. Stronger cleaning agents, such as benzene, thinner or similar materials can damage the surface of the unit.

Included in Box

- One Jambanz Slap Bracelet
- One Jambanz micro Bluetooth speaker
- Micro USB to USB charging cable

Charging the Unit

1. Plug the micro USB directly into your Jambanz micro speaker.
No need to remove the speaker from the band.
2. If the wire is plugged into the speaker correctly, you should hear "Jambanz Charging"
3. Once fully charged, you will hear "Jambanz Charged" and the small blue light will glow steadily.
4. When the light starts to blink it means the battery is low and changing will be necessary soon.

Using Bluetooth: Pairing Your Device

1. Charge your Jambanz Micro speaker for at least 5 hours before your first use or until the speaker says "Jambanz Charged."
2. Turn on Bluetooth capability on your device and make it discoverable (see your device's instructions to add or setup a Bluetooth device).
3. To pair the Jambanz, PRESS and HOLD the POWER button until you hear "Jambanz On, Hold to Pair."
4. On your Bluetooth device, "Jambanz" should appear in your list of Bluetooth devices. If it doesn't appear, switch Bluetooth off and back on again. Select "Jambanz" in the list of devices.
5. When pairing is successful, the device will say "Jambanz Paired, Ready to Jam" and the blue light will glow steadily. Once paired, your device should link to the Jambanz whenever it's turned on within range.

Playing Audio Via Bluetooth: Using the Jambanz

1. Press the play or pause audio from your Bluetooth device.
2. Use the Volume +/- Buttons on your device or your Jambanz to adjust volume.
3. When done listening, press the Power Button to turn the unit off, wait until you hear "Jambanz OFF"

FCC Part 15

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.
