

August 24th 2026

To:

Federal Communications Commission

7345 Oakland Mills Road

Columbia MD 21046

Ref: FCC C2PC Request Letter

We, **Telit Communications S.p.A., the applicant**, Via Stazione di Prosecco 5/b, 34010 Sgonico, Trieste (Italy), would like to apply for a Class II Permissive change on the product:

FCC ID: RI7ME310M1WX originally granted by FCC dated 05/29/2024.

Pursuant to §2.1043, we, (Telit Communications S.p.A.), would like to modify the authorized equipment for the changes below:

1. Adding new variant with model **ME310M1-W4**. The new model variant mounts a thin chipset modem variant manufactured without MRAM support and without GNSS feature.
Detailed HW/SW changes are provided in the *HW differences ME310M1-W1 HW 0.0 vs ME310M1-W4 HW 0.0_V1* letter.

These changes are consistent with FCC Class II Permissive Change requirements.
Except for the changes above, no other modification is made.

Thank you for your attention to this matter.

Should you have any questions, please contact us.

Sincerely,

Paolomaria
