Product Materials and Detailed Part Description

Product Components

- USB P DISK
- USB Extension Cable
- Portable Neck Strap
- Application CD
- User Manual

Detailed Part Description

1. Write Protect Switch: To prevent USB P DISK to write, switch to .
2. Portable Neck Strap: USB P DISK Portable Neck Strap hook.
3. Pocket Clip: To securely clip to pocket or backpack, etc.
4. CAP : To protect USB connection head.
5. LED Indicator: (1) Green LED : Lit when USB P DISK is connected to PC
(2) Red LED : Lit when USB P DISK is in activity.

Product Features

■ Driver not necessary

USB P DISK can Plug & Play without any software.
(However, Windows 98 requires specific driver that is provided by PROSMTEK)

■ Power Adapter not necessary

By using USB BUS Power USB P DISK does not need extra power source.

■ Bootable Media

Just like making Floppy into bootable diskette, USB P DISK is able to make itself a bootable media. Like FDD, CDR, HDD is independently capable of booting the system.
(*Motherboard that supports USB booting)

■ Write Protect Switch

User is able to read the contents of the disk, however, is prohibited from unauthorized writing or misuse.

■ Software Security (PASSWORD)

USB P DISK has ability to lock itself with password. Competitor products require other media such as Floppy or CD to unlock device, however, USB P DISK is already installed with software that handles this capability and therefore does not require extra media.

■ Dual Colored LED

Indicate power going through the USB disk and monitor activity of the disk.

Product Specification

Product Code	USB P DISK
Interface	USB 1.1
Data Transfer Rate	Write : 900 KB/Sec Ready : 600 KB/Sec
Size	80 * 20 * 9.5mm(Cap included) 70 * 20 * 9.5mm (Cap Excluded)
Weight	15g
Power	USB bus power
O.S Support	MS-DOS, Windows 98SE/Me/2000/XP or higher, Mac 9.0 or higher, Linux2.4.0 or higher, WinCE3.0 or higher
Application	Desktop PC, Notebook PC, PDA etc, All PCs that support USB
Standard Certification	MIC, FCC, CE, USB
Operating Environment	Operating Temp: 0° c or higher Maintained Temp : -20° c ~ 80° c Maintained Humidity : 5% ~ 90%
