

iCarPlay™ Wireless 200 Car Stereo FM Transmitter/Charger User Guide & Warranty Information

iCarPlay™ Wireless 200 Features

- High-quality stereo audio
- Full range of FM stations, from 88.1 to 107.9 (U.S. mode)
- 3 “favorite station” programmable presets
- iPod® screen display of FM frequency
- AutoScan automatically finds best FM frequency
- 30-ft. maximum range**
- Micro-processor controlled
- Built-in antenna
- Powered by 12V car cigarette lighter adapter
- International FM tuning for U.S., Europe, and Japan
- Auto-reset fuse to protect unit and iPod
- Charges iPod while in use

INSTRUCTIONS

Connecting to the iPod

1. Plug the iCarPlay Wireless 200 power adapter into your car's 12V accessory outlet (cigarette lighter socket) and turn your iPod on.

2. Plug the iCarPlay Wireless 200 dock unit into your iPod docking connector. The iPod screen will flash the check symbol and the words “OK to disconnect,” and then iPod will revert back to the regular iPod menu.

Selecting the 3 FM Station Memory Presets

iCarPlay Wireless 200 features 3 FM Station Memory Presets to make it easy for you to quickly select commonly used channels that you can set (see next section). You may find, for example, that one frequency works best in one part of town and another works better elsewhere.

1. Press the “S” button twice. (This will stop music playback on the iPod.)
2. Press Right or Left button to select the desired preset frequency.
3. Press the “S” button to select.

4. Tune your FM radio to the same channel as indicated on the iPod display screen.

5. Press the ‘Play’ button on your iPod.

6. Use your car radio's volume knob to adjust sound level.

AutoScan FM Frequency Selection (recommended)

The iCarPlay Wireless 200 features AutoScan to automatically find the best, clearest FM channel in your local area. The process takes about a minute. Remember that as you drive through different areas the FM signal conditions change, so when driving long distances, you can repeat the AutoScan selection whenever FM interference occurs.

1. Press TWICE on the “S” button. (This will also stop music playback on the iPod.)
2. Press the Right or Left button to highlight AutoScan.
3. Press and hold the “S” button for two seconds.
4. AutoScan will begin searching through the entire FM range to find the best frequency. This may take up to 1 minute. Then iCarPlay Wireless 200 will automatically select the best frequency and display it on the iPod screen. NOTE: After a few seconds the iPod will return to its regular menu, so it's important to note the AutoScan selected frequency while it's shown.
6. Tune your FM radio to the same channel.

Manual FM Frequency Selection

1. Press the iCarPlay Wireless 200 “S” button once. (This will stop music playback on the iPod.)
2. Press Right or Left button to select FM frequency.
3. Press the “S” button again. The iPod will return to its regular menu.
4. Tune your FM radio to the same channel.

Setting Memory Presets

You can program the 3 FM Station Memory Presets to any frequencies in the FM range. iCarPlay Wireless 200 will continue to remember these presets even when both power and the iPod are disconnected, so they'll always be ready to use the next time you need them.

1. Press the “S” button twice. (This will stop music playback on the iPod.)
2. Press the Right or Left button to highlight the FM Station Memory Preset that you'd like to change.

3. Press and hold the “S” button for two seconds to enter Preset tuning.
4. Press Right or Left to scroll tune the desired FM frequency displayed on the iPod screen.
5. Press the “S” button again. The FM Station Memory Preset will be set, selected, and the iPod will return to its regular menu.

International FM Tuning Selection

iCarPlay Wireless 200 works with FM radio systems worldwide. To select a different tuning system:

1. Press the “S” button THREE TIMES. (This will stop music playback on the iPod.)
2. Press the Right or Left to select the desired International Mode.
 - US: 88.1 - 107.9 MHz (with 0.2 intervals)
 - Europe: 87.8 - 108.1 MHz, (with 0.1 intervals)
 - Japan: 76 - 90 MHz (with 0.1 intervals)
4. Press the “S” button again. The International Mode will be set, and the iPod will return to its regular menu.

Note: iPod Backlight Timer Setting

- Depending on your settings, your iPod's screen light may go out before you're finished making adjustments to the iCarPlay Wireless 200. To ensure uninterrupted iPod screen viewing during setup and FM frequency selection, please set the backlight timer properties on the iPod settings menu.
- The words “OK to disconnect” will always appear when in FM Transmitter mode, this is normal.
- When selecting your FM station, in all instances, the music will stop transmitting.

**Range determined by product specifications and other environmental variables

Performance & Safety Tips:

- Connect iCarPlay Wireless 200 and select channels BEFORE operating your vehicle; never while driving.
- For best performance, select an iCarPlay Wireless 200 channel that is not occupied by a strong local FM radio station.
- Select the channel that offers clearest sound with the least interference. AutoScan can find this channel automatically. Remember that signal conditions change as your car moves, and re-scanning may be necessary.
- The iCarPlay Wireless 200 transmitter strength is regulated and limited by the FCC. iCarPlay Wireless 200 transmits at the power allowable by law.
- iCarPlay Wireless 200 is designed to transmit within your car’s perimeter while not interfering with the surrounding public airwaves.
- Certain cars radios may experience more difficulty receiving clear signals than others. Location of the antenna can affect signal strength. Some vehicles have a metallic film in the windows that can also make it harder to receive clear signals from the iCarPlay Wireless 200.
- In dense metropolitan areas, there are cases where all iCarPlay Wireless 200 pre-set stations are occupied by local radio stations. Sometimes a station setting next to a local station may be strong enough to ‘bleed’ over to the adjacent frequencies. Use manual tuning to eliminate interference.
- Radio frequencies from local stations can ‘bounce’ from hills and buildings and may cause momentary interference.
- A steel bridge or parking garage may act like an antenna, strengthening local and distant radio station signals. You may need to wait until you are “over the bridge” or “out of the structure” for clearest reception.

Note: Illustrations may vary in appearance from actual product.

FCC Notice: This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by Monster Cable Products, Inc. may void the users authority to operate this device.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by tuning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

FCC ID : RJE169202-00

LIMITED WARRANTY FOR CONSUMERS

United States

Monster Cable Products, Inc., 455 Valley Drive Brisbane, CA 94005 (415) 840-2000. (“Monster”) extends You this Limited Warranty. Statutory or common law may provide You with additional rights or remedies, which shall not be affected by this Limited Warranty.

DEFINITIONS

“Adequate Use” means use of the Product (i) within a home or dwelling, (ii) for private (as opposed to commercial) purposes, (iii) in conformance with all applicable local, state or federal law, code or regulations (including without limitation building and/or electrical codes), (iv) in accordance with manufacturer recommendations and/or instructions in the materials and documentation that accompany the Product, (v) with proper electrical grounding.

“Authorized Dealer” means any distributor, re-seller or retailer that (i) was duly authorized to do business in the jurisdiction where it sold the Product to You, (ii) was permitted to sell You the Product under the laws of the jurisdiction where You bought the Product, and (iii) sold You the Product new and in its original packaging.

“Formal Warranty Claim” means a claim made in accordance with the section “Formal Warranty Claims” herein.

“Product” means a Product listed in the Specifications Table below, and (iii) You bought from new from an Authorized Dealer new and in its original packaging.

“Product Defect” means an inadequacy of the Product that existed at the time when You received the Product from an Authorized Dealer and that causes a failure of the Product to perform in accordance with Monster’s documentation accompanying the Product, unless such failure has been caused completely or partly by (a) any use other than Adequate Use, (b) transportation, neglect, misuse or abuse by anyone other than Monster’s employees; (c) alteration, tampering or modification of the product by anyone; (e) accident; (f) maintenance or service of the Product by anyone other than a Monster employee or authorized service technician; (g) exposure of the Product to heat, bright light, sun, liquids, sand or other contaminants; or (h) acts outside the control of Monster, including without limitation acts of God, fire, storms, earthquake or flood.

“Warranty Period” means the time period during which Monster must have received Your Formal Warranty Claim. The different Warranty Periods related to Product Defects are defined in the Specifications Table below. The Warranty Period commences on the date when You purchased or received (whichever occurs later) the Product from an Authorized Dealer as evidenced by the Authorized Dealer’s invoice, sales receipt, or packing slip. If You do not have written proof of the date of purchase or receipt, then the Warranty Period commences three (3) months after the date when the Product left Monster’s or its factory as evidenced by Monster’s records. The Warranty Period ends after the time defined in the Specifications Table has expired or after You have transferred ownership of the Product, whichever occurs earlier.

“You” means the first individual person that purchased the Product in its original packaging from an Authorized Dealer. This Limited Warranty does not apply to persons or entities that bought the Product (i) in used or unpackaged form, (ii) for resale, lease or other commercial use, or (iii) from someone other than an Authorized Dealer.

SCOPE OF THIS LIMITED WARRANTY

Products. If a Product contained a Product Defect when You bought it from an Authorized Dealer and Monster receives a Formal Warranty Claim from You before the end of the Warranty Period for Product Defects applicable to the affected Product, then Monster will provide You with one of the following remedies: Monster will (1) repair or, at Monster’s sole discretion, replace the Product, or (2) refund to You the purchase price paid for the affected Product from an Authorized Dealer if repair or replacement is not commercially practicable or cannot be timely made.

NOTE: MONSTER does not assume any liability for ANY INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES.

GENERAL PROVISIONS

Choice of Law/Jurisdiction. This Limited Warranty and any disputes arising out of or in connection with this Limited Warranty (“Disputes”) shall be governed by the laws of the State of California, USA, excluding conflicts of law principles and excluding the Convention for the International Sale of Goods. The courts located in the State of California, USA shall have exclusive jurisdiction over any Disputes.

Serial number. If this Product contains a serial number, this Limited Warranty is void if the label on the Product bearing the serial number has been removed, altered, or defaced.

No Liability for Advice. Any technical or other advice offered before or after delivery with respect to the use and application of the Product is furnished without charge and subject to the understanding that such advice is issued at the purchaser’s sole risk without any limitation or modifications of any disclaimer or other provision contained herein.

Other Rights. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE AND WHICH SHALL NOT BE AFFECTED BY THIS LIMITED WARRANTY. THIS WARRANTY EXTENDS ONLY TO YOU AND CANNOT BE TRANSFERRED OR ASSIGNED.

Registration. Please register Your Product at www.MonsterCable.com/Warranty. Failure to register will not diminish Your warranty rights.
