

Pairing Your Headset

- 1. Place the headset and the mobile handset where they are easily viewable by no more than 1 meter apart.
- 2. Ensure the headset is OFF.
- 3. Press and hold the **MFB** for 8 seconds. The headset **LED** will alternately flash green and red.
- 4. Activate your mobile handset's Bluetooth function by referring to your mobile handset user guide for details.
- 5. Scroll to the submenu where a list of all Bluetooth devices within about 10 meters are displayed and select "i.Tech".
- 6. Enter the pre-programmed passkey "0000" and press "OK" to pair your headset and mobile handset. When the pairing is complete, the headset **LED** will flash green rapidly for 5 times followed by a long "beep" tone.
- 7. Press "Return" to go back to your mobile handset's main menu. For certain mobile handset models, a headset icon will be shown on the screen. You should now be able to make and receive calls using your headset.
- 8. To pair another mobile handset with your headset, simply repeat Steps 1 through 7 until you have reached the limit of 8 mobile handsets.

IMPORTANT If the pairing cannot be completed within 2 minutes while the pairing mode is activated, the headset LED flashes yellow with 3 "beep" tones and the headset is turned off. Please repeat Steps 1 to 7 to pair the headset and the mobile handset again.

Using Your Headset

Answering Calls
To answer a call, wait for the headset to ring, then press the **MFB** to accept the call or answer the call via your mobile handset in the normal way.

Ending Calls
Press the **MFB** to end your call or end the call via your mobile handset in the normal way.

Dialing from Your Mobile Handset
Simply make calls on your mobile handset in the normal way.

Voice Dialing from Your Headset
If your mobile handset is equipped with a voice dialing function, simply press the **MFB** on your headset and when you hear an "acknowledgement" tone, say the voice tag.

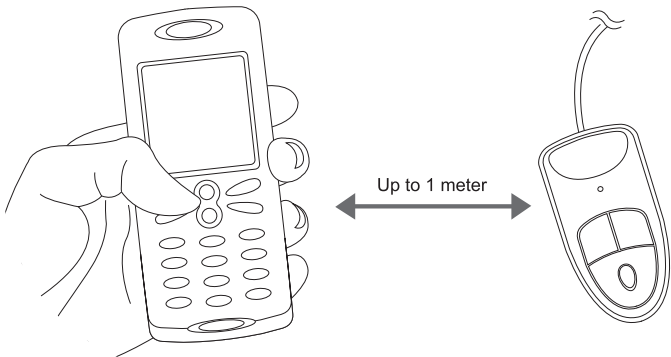

IMPORTANT Please make sure that record voice tag into the mobile handset first before using voice dialing function.

Using Your Headset

Last Number Redialing from Your Headset
Press the **MFB** on your headset twice.

IMPORTANT This function is only applicable to mobile handsets with Bluetooth Handsfree Profile. Functionality varies depending on the mobile handset model you have. Please refer to your mobile handset user guide for additional information.

Pairing Your Headset

Prior to using your Bluetooth Clip Headset for the first time, you must pair it with a Bluetooth-enabled mobile handset. Your headset can be paired with up to 8 mobile handsets at a time by following the simple steps in the next page.

The information in the next page describes pairing instruction for a typical Bluetooth-enabled mobile handset.
