Subject: Limited Modular Transmitter approval of FCC ID: RKT-BTRM001

To whom it may concern,
Cast Group of Companies Inc. is developing and certifying the BTRM-001 radio module solely for use in its own multiple products and will not be offering the module for sale to third parties. Because of this, we kindly ask for an exemption to providing the Integration Manual document as specified in KDB Publication 69 D03, paragraph two:

"If the modular transmitter is only approved for use by the grantee in its own products and not intended for sale to third parties, the integration instructions may not be detailed but this must be declared in the filing. In that case, it is permitted to place the instructions in the theory-of-operation exhibit folder using long term confidentiality. The applicant must include a statement in the filing that the module is not for sale and the user manual integration instructions are internal confidential manufacturing documents. The grant of certification for such a modular transmitter must be limited."

The BTRM-001 certification will be Limited Single Modular Approval, and there will be no third party sale or use of the module. With no marketing or sale of the BTRM-001 we can confidently say this module will not be available for integration into products other than our own. Please accept this letter to validate this and exclude this submission from needing an integration guide document. The required integration information is contained in a detailed Datasheet document that will be an internal confidential document for use of Cast Group of Companies engineers.

Sincerely,

Applicant name: Stuart Green
Title: CEO
Company name: CAST Group of Companies Inc.
Address: 35 Ripley Ave, Toronto, Canada, M6S 3P2
Email: Stuart.Green@castgroupinc.com

Signature:

A handwritten signature in black ink, appearing to be "Stuart Green", written over a horizontal line.
