France

Subject: 94% duty cycle

We hereby confirm that our product (Parrot BEBOP DRONE) is unable to achieve a 100% of Duty cycle, due to overheating of our product, then it was not possible to transmit continuously at a higher duty cycle (100%), for this reason we used a duty cycle at 94% with the commands provided by the manufacturer of chip (Broadcom). Furthermore in the normal function we can't use a duty cycle at 100%.
