Columbia, MD 21046

Gentleman

This is a letter of request of confidentiality pursuant to 47 CFR 0.459, for the following "Set 'n Tow" product: Transmitter and receivers for the operation of stop & turn signal lights for use on vehicles being towed. Under FCC Docket Number 20780 and General Docket Number 80-284 pursuant to Part 15 of FCC Rules and Regulations.

Exhibit types to be held confidential are (1) schematic diagrams, (2) block diagrams, (3) and photos of any un-potted circuit cards. Removal and disassembly of such cards would destroy the product. My company has gone to considerable expense, in both time and money, in design and development of this product and would like to keep my efforts privileged due to marketing concerns.

If you have any further questions or need additional information, please feel free to give me a call at 610-326-9868.

Sincerely,

Richard Kuntzleman
President
