Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product

eQ-3 TRX916

is considered to be a mobile transceiver.

The internal antenna used for this mobile transmitter must provide a separation distance of at least 2 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the eQ-3 TRX916 will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.
