Subject; **Modular Transmitter Application**

Company name: CHINA DRAGON TECHNOLOGY LIMITED
FCC ID: ROWCDW-E67601U-00

Dear Sir/Madam,

This letter includes the FCC application requirements for Modular Transmitter Approval Request for;-

FCC KDB 996369 D01 'Module Certification Guide v02; and
FCC KDB 996369 D03 OEM Manual v01

In accordance with 47CFR 15.212 Modular Transmitters and KDB 996369 D01 'Module Equip Auth Guide v02'. FCC ID **ROWCDW-E67601U-00** has been examined against the following requirements.

Requirement per 15.212 and KDB 996369 D01	Explanation from Grantee (do not write yes/no, but explain why product complies/how it is achieved)
The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly.	Yes, It has a shield
The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal.	Yes, This module meets the requirements of FCC part 15C(15.247).it specifically establish the 6dB Bandwidth, Peak Output Power, Radiated Spurious Emission, Power Spectral Density, Restricted Band of Operation and Band Edge (Out of Band Emissions)
The module must contain power supply regulation on the module.	Yes, The module is a single module
The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per §§ 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b).	Yes, the module contains a permanently connected antenna and operates with a specific antenna
The module must demonstrate compliance in a stand-alone configuration.	Yes, The module is a single module.
The module must be labeled with its permanently affixed FCC ID label, or use an electronic display (see KDB Publication 784748).	Yes, The host system using this module, should have label in a visible area indicated the following texts: "Contains FCC ID: ROWCDW-E67601U-00
The module must comply with all specific rules applicable to the transmitter, including all the conditions provided in the integration instructions by the grantee.	Yes, The module with trace antenna designs, and This manual has been shown the layout of trace design,, antenna, connectors, and

CHINA DRAGON TECHNOLOGY LIMITED

	isolation requirements.
The module must comply with RF exposure requirements	Yes, This module complies with FCC RF radiation exposure limits set forth for an uncontrolled environment, This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body." This module is designed to comply with the FCC statement, FCC ID is: ROWCDW-E67601U-00.

Integration Instructions for host product manufacturers

The following items are submitted in support of application for Modular Transmitter FCC ID as noted above as required by the FCC KDB 996369 D03 OEM Manual v01.

These items are provided as integration instructions for host product manufacturers (e.g., OEM instruction manual) to use when integrating a module in a host product.

Any requirements that are not applicable to the Module are as indicated below.

Summary of requirements and Checklist. Refer to the KDB for description of the complete requirements;

KDB Ref Sect	Requirements of KDB 996369 D03	User Manual Page Number reference
2.2	List of applicable FCC rules	Page 14
2.3	Summarize the specific operational use conditions	Page 14
2.4	Limited module procedures	Page 14
2.5	Trace antenna designs	Page 15
2.6	RF exposure considerations	Page 15
2.7	Antennas	Page 15
2.8	Label and compliance information	Page 16
2.9	Information on test modes and additional testing requirements	Page 16
2.10	Additional testing, Part 15 Subpart B disclaimer	Page 16
