Request for Confidentiality

Gentlemen:

In accordance with 0.459 of CFR 47, Riso Kagaku Corporation hereby requests confidentiality of Schematics, Block Diagrams, Antenna Specification and Theory of Operation for the subject application.

These documents contain detailed system and equipment description and related information about the product that Riso Kagaku Corporation considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Riso Kagaku Corporation considers that this information would be of benefit to its competitors, and that disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely

Toru Matsushita
Regulation Manager
