

Instant Color Picking

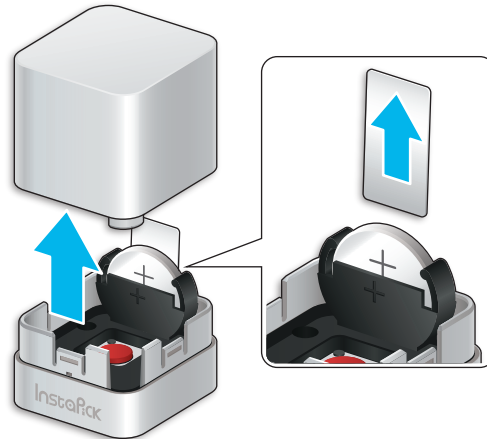

InstaPick

Overview

First Time Usage

Installing

Before using InstaPick, you need

- 1 InstaPick
- 2 Mac / Windows device
- 3 ColorKing (free) or ColorKing plus
- 4 <http://instapick.ufro.com>

Pairing in macOS

- 1 Enable Bluetooth on Mac.
- 2 Turn on ColorKing.
- 3 Press the InstaPick, then the Bluetooth icon displays black.

Pairing in Windows 10

- 1 Enable Bluetooth on Windows.
- 2 Go to **Settings > Devices > Bluetooth & other devices > Add Bluetooth or other device > Bluetooth.**
- 3 Press InstaPick and select Insta_xxxx.

Capturing Color

- 1 Press on the object to select it. The ColorKing or ColorKing Plus displays the color.
- 2 Begin drawing with your color selection.
