

VRBT100P Hands-Free Car Kit

Dear Customer,
CONGRATULATIONS. The VRBT100P Hands-Free Bluetooth® Car Kit when used as described, will give you years of dependable service in your car, truck, RV, or mini-van. We have taken numerous measures in quality control to ensure that your product arrives in top condition and will perform to your satisfaction. In the rare event that your VRBT100P Hands-Free Bluetooth® Car Kit contains a damaged or missing item, does not perform as specified, requires warranty service, or you have an installation problem, **DO NOT RETURN THIS PRODUCT TO THE STORE. PLEASE CALL OUR TOLL FREE NUMBER FROM THE U.S.A. AND CANADA 1-800-445-1797** and ask to speak with a member of our technical service team; or submit your questions to Tech Support at www.vr-3.com and a member of our technical service team will respond by e-mail to your questions. Our in-house technical service team will expedite delivery of your part, advise you on installation, or help troubleshoot a problem with you. If your product needs warranty service, our technical service team representative will help you obtain the fastest remedy possible under the warranty.

Features & Functions

This set complies as of date of manufacture with FCC rules and regulations Part 15, Subpart C

- Pairs with Bluetooth® enabled Cell Phones*
- Answer Incoming Calls
- Automatic Echo Reduction
- Voice Dialing
- Re-dial
- Call Forwarding

*To determine whether your phone supports the Bluetooth® "Hands-Free Profile" contact the manufacturer. Certain advanced features including those listed may not be supported by all compatible Bluetooth® enabled mobile phones, and/or the functionality of such features may be limited in certain phones.

Operation

The VRBT100P is specially designed for Bluetooth® wireless compatible phones. You can use the VRBT100P with any compatible Bluetooth® phone that supports the hands-free Bluetooth® profile. Refer to your phone's user guide for more information on Bluetooth® wireless technology.

INSTALLING THE VRBT100P

Insert the VRBT100P into the 12V cigarette lighter/power socket of your vehicle, the RED LED of the Volume Down Button will light to indicate the VRBT100P has power. Make sure that the VRBT100P is fully inserted, and does not interfere with the normal operation of the vehicle, or any of its features and functions.

TURNING THE VRBT100P ON

To turn ON the VRBT100P press and hold the Multi-Function Button for 3 seconds. The BLUE LED of the Multi-Function Button will first flash 3 times, then twice every 3 seconds while it searches for a paired cell phone, and then once every 3 seconds thereafter. If a paired cell phone is found, the Multi-Function Button will flash 3 times every 3 seconds, indicating a connection to the paired cell phone.

TURNING THE VRBT100P OFF

While in Standby mode, remove it from the 12V cigarette lighter/power socket, or press and hold the Multi-Function Button for 3 seconds, the RED Volume + Button will flash 3 times, then the unit is OFF.

• In some vehicles, the cigarette lighter/power socket is still powered by the vehicle's battery when the vehicle is turned off.

In those cases, the vehicle's battery will be discharged by the VRBT100P if it is connected to the 12V cigarette lighter/power socket. Contact the vehicle's manufacturer for more information.

PAIRING THE VRBT100P WITH A PHONE

1. Make sure that the Bluetooth® compatible phone is ON, and is within 18 ft. of the VRBT100P.
2. Press and Hold the Multi-Function Button for 10 seconds, the BLUE and RED LEDs will flash alternately. The VRBT100P is now in PAIRING mode.
3. Use the Bluetooth® Menu of the cell phone to search for a Bluetooth® device.
3. When the cell phone finds "VRBT100P", choose "VRBT100P".
4. Enter PIN Code "8888" and confirm to initiate the PAIRING.
5. After successful PAIRING, the blue LED will flash; PAIRING ends. If the PAIRING fails, VRBT100P will go to Standby mode in 60 seconds.
- If VRBT100P is paired with the cell phone and is not ON, plug the VRBT100P into the vehicle's 12V DC socket, then press and hold the Multi-Function Button for 3 seconds. The VRBT100P will automatically connect to the cell phone.

RECEIVING A PHONE CALL

When there is an incoming call:

- Press the Multi-Function Button once to answer the phone call.
- If VRBT100P is not paired to a cell phone, it will not pick up the call.

REFUSE AN INCOMING CALL

When there is an incoming call you want to refuse, press and hold the Multi-Function Button for 3 seconds, the incoming phone call will be refused.

TO END A PHONE CALL

During a phone call, press and hold the Multi-Function Button for 3 seconds to end the current phone call. You will hear a series of beeps when the call ends.

The use of wireless devices and their accessories while driving may be prohibited or restricted in certain areas. Always obey the laws and regulations on the use of these products.

Operation (cont.)

VOICE DIALING*

The cell phone paired with the VRBT100P must have built-in voice recognition functionality. The VRBT100P is compatible with as many voice tags as the cell phone supports.

1. Press the Multi-Function Button once and you will enter the Voice Dialing Mode.
2. Repeat a name you have stored in the cell phone's phone book, then the cell phone will call the number associated with the name in your phone book.

REDIAL*

While in Standby mode, press and hold VOL- Button for 3 seconds.

*Note: Please refer to the product user manual from the manufacturer of your cell phone for Voice Dialing & Re-dial functionality and settings.

VOLUME CONTROL

During the conversation press the VOL+ Button to increase the volume or VOL- button to decrease the volume.

CALL TRANSFER

1. During a phone call, press and hold the VOL+ for 3 seconds and the phone call will be transferred from the VRBT100P to the cell phone.
2. If you want to forward the phone call back to VRBT100P, press and hold the VOL+ Button for 3 seconds; the phone call will be forwarded back to VRBT100P.

AUTO RE-CONNECT

When VRBT100P is ON, but not connected with any paired device within the applicable range (18 feet), press the Multi-Function Button once to re-connect the VRBT100P with a previously paired cell phone.

EARPHONE

The VRBT100P comes with an earphone that can be used for privacy or high ambient noise situations. To use the earphone insert the 3.5mm audio plug of the earphone into the 3.5mm jack on the side of the VRBT100P.

PRODUCT MAINTENANCE

1. Store in a cool, dry place; use clean soft cloth to clean.
2. Do not expose to high or extremely low temperatures, or to dust.
3. Do not open VRBT100P. Non-professional maintenance may cause damage, and will result in the warranty being void.
4. Please use only VR3 approved accessories, the warranty is voided if any other accessories are used.
1. Operating Temperature Range: 0°C to +30°C (32°F to 86°F)
2. Storage Temperature Range: -20°C to +85°C (-4°F to 185°F)
3. Humidity Range: 30%-90% humidity
