

A photograph of a wooden table with a plywood top. On the table are two black electronic devices, possibly power supplies or converters, with several black cables connected to them. Some cables hang down from the table. The background shows a window with vertical blinds and a wall with horizontal siding. The text "Home configuration" is overlaid in white, italicized font.

Home configuration

A photograph of a wooden table in a workshop or home setting. On the table, there is a black webcam on the left and a black electronic device, possibly a power supply or a small computer component, on the right. A large number of black cables are tangled across the table surface, some extending upwards towards a white wall with a vent. The table is supported by white PVC pipes and has wheels at the base. The text "Home configuration" is overlaid in white, italicized font across the lower part of the table.

Home configuration

A photograph of a wooden table with various electronic devices and tangled cables. In the center, there is a black power adapter with several cables plugged into it. To the left, a black computer mouse is visible. A long, thin black cable extends from the adapter towards the bottom right corner, ending in a USB connector. Other cables are loosely coiled or draped across the table surface. The background shows a window with vertical blinds and a white wall.

Mobile configuration

Mobile configuration

Mobile configuration

A photograph of a portable electronic device, possibly a small pump or sensor, resting on a dark wooden table. The device has a white base and a black top with a label. A black cable is connected to it and runs across the table. In the background, there are vertical blinds and a grey wall. The text "Portable configuration" is overlaid on the bottom right of the image.

Portable configuration

A photograph of a portable electronic device, possibly a small computer or data logger, resting on a large, dark wooden table. The device is a small, rectangular unit with a screen and buttons, mounted on a white, cone-shaped base. A black cable is connected to the top of the device, and a white cable is connected to the side. The white cable extends across the table surface, ending in two small, round, white connectors. The background shows a light-colored wall with horizontal siding and a small, square, metal mesh vent. The text "Portable configuration" is overlaid in white, italicized font at the bottom of the image.
