RE: LBEE5HY1MW Module Label Location

To whom it may concern:

Since the Module is too small to print at least a 4 point font size FCC and IC ID on it, we have to put this information in the user manual and packaging. Note that a separate, one sheet insert containing the IDs and compliance information will be placed in the packaging and shipped with every radio.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce Superman", with a long, sweeping horizontal line extending to the right.

Signature
Bruce Superman
