Subject: Changes to FCC IDs and Authorization Letter

Gentlemen,

The authorization letter on file with this application references the following FCC IDs
RUT1200ABGI RUT1200ABG RUT1200BGI RUN1200BG

To reduce complexity, after the letter was prepared and signed, the FCC IDs were changed to :

RUT1200ABG RUT122BG

Because Alcatel had already indicated their consent to my representation for the certification application process, the authorization letter was not revised.

A handwritten signature in dark ink, appearing to read "David Waitt", with a stylized flourish at the end.

David Waitt
Consultant representing Alcatel
