

GAMING MOUSE

RZ01-0533

WIRELESS DONGLE

HPD01

IMPORTANT PRODUCT INFORMATION GUIDE

WHAT'S INSIDE

- Gaming Mouse

- A. Mouse status indicator
- B. Razer™ Optical Mouse Switches Gen-4
 - Left mouse button
 - Right mouse button
- C. Razer™ Optical Scroll Wheel
- D. Mouse button 5

- E. Mouse button 4
- F. USB Type C port
- G. PTFE mouse feet
- H. Power / DPI stage cycle button
- I. Razer™ Focus Pro 45K Optical Sensor Gen-2

- Wireless dongle HPD01

- J. USB Type C port
- K. Dongle status indicator
 - Connection status
 - Battery level
 - Polling rate

- USB Type A to USB Type C cable

- Razer mouse grip tape

- Important Product Information Guide

The DPI stages are as follows: 400, 800, 1600 (default), 3200 and 6400. The DPI stages, polling rate and dongle status indicator can be customized using Razer Synapse.

WHAT'S NEEDED

GETTING STARTED

CHARGE YOUR MOUSE

i For best results, connect your mouse directly to your computer's USB port using the provided cable.

BATTERY NOTIFICATION

Battery Level	Status Indicator
Full	Static Green
High	Breathing Green
Mid	Breathing Yellow
Low	Breathing Red
Critical	Blinking Red

CONNECT TO YOUR DEVICE

WIRED MODE

RAZER™ HYPERSPEED WIRELESS MODE

1.

2.

Connecting Connected

3.

Connection Quality	Status Indicator
Excellent	Green
Good	Yellow
Weak	Orange
None	Red

Polling Rate	Status Indicator
125Hz	Violet
500Hz	Blue
1000Hz	Green
2000Hz	Yellow
4000Hz	Orange
8000Hz	Red

6. USING YOUR GAMING MOUSE

POWER ON / OFF

PERSONALIZING YOUR MOUSE

Change the mouse's DPI to match your playstyle with a press of the Power / DPI stage cycle button or fine-tune your own sensitivity setting using the Razer Synapse app. The mouse status indicator will briefly change its color to show which DPI stage is currently active.

DPI	Designated color
400	Red
800	Green
1600 (Default)	Blue
3200	Cyan
6400	Yellow

i Install Razer Synapse when prompted or download the installer from [razer.com/synapse](https://www.razer.com/synapse).

SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Gaming Mouse, we suggest that you adopt the following guidelines:

Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to support.razer.com for assistance.

Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.

Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and/or switch off the device in order to let the temperature stabilize to an optimal level.

Avoid looking directly at the tracking beam of your mouse or pointing the beam in anyone else's eye. Note that the tracking beam is NOT visible to the naked human eye and is set on an Always-On mode.

COMFORT

Research has shown that long periods of repetitive motion, improper positioning of your computer peripherals, incorrect body position, and poor habits may be associated with physical discomfort and injury to nerves, tendons, and muscles. Below are some guidelines to avoid injury and ensure optimum comfort while using your Razer Gaming Mouse.

- Position your keyboard and monitor directly in front of you with your mouse next to it. Place your elbows next to your side, not too far away and your keyboard within easy reach.
- Adjust the height of your chair and table so that the keyboard and mouse are at or below elbow-height.
- Keep your feet well supported, posture straight and your shoulders relaxed.
- During gameplay, relax your wrist and keep it straight. If you do the same tasks with your hands repeatedly, try not to bend, extend or twist your hands for long periods.
- Do not rest your wrists on hard surfaces for long periods. Use a wrist rest to support your wrist while gaming.

- Customize the keys on your keyboard to suit your style of gaming in order to minimize repetitive or awkward motions while gaming.
- Do not sit in the same position all day. Get up, step away from your desk and do exercises to stretch your arms, shoulders, neck and legs.

If you should experience any physical discomfort while using your mouse, such as pain, numbness, or tingling in your hands, wrists, elbows, shoulders, neck or back, please consult a qualified medical doctor immediately.

MAINTENANCE AND USE

The Razer Gaming Mouse requires minimum maintenance to keep it in optimum condition. Once a month we recommend you unplug the device from the computer and clean it using a soft cloth or cotton swab to prevent dirt buildup. Do not use soap or harsh cleaning agents.

To get the ultimate experience in movement and control, we highly recommend a premium mouse mat from Razer. Some surfaces will cause undue wear on the feet requiring constant care and eventual replacement.

Do note that the sensor of the Razer Gaming Mouse is ‘tuned’ or optimized especially for the Razer mouse mats. This means that the sensor has been tested extensively to confirm that the Razer Gaming Mouse reads and tracks best on Razer mouse mats.

LIMITED PRODUCT WARRANTY

For the latest and current terms of the Limited Product Warranty, please visit razer.com/warranty.

LIMITATION OF LIABILITY

Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages arising in any way out of distribution of, sale of, resale of, use of, or inability to use the product. In no event shall Razer’s liability exceed the retail purchase price of the product.

GENERAL

These terms shall be governed by and construed under the laws of the jurisdiction in which the product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.

CE Statement of Compliance

Hereby, Razer Inc. declares that the radio equipment type gaming mouse RZ01-0533 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [razer.com/legal/compliance](https://www.razer.com/legal/compliance)

2.4G equipment

- Operating frequency range: 2402-2480MHz
- Maximum out power(E.I.R.P): 7.22dBm (5.27 mW), 2.4G SRD

Wireless Dongle:

Radio Frequency: 2.4 GHz SRD

Operating Frequency:
2402-2480Mhz

Max Output power: $\leq 10\text{dBm}$

SW version: 1.0

BATTERY CHARGING INFORMATION

The power delivered by the charger shall be between min 1.0 Watts required by the radio equipment, and max 15 Watts in order to achieve the maximum charging speed.

WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT INFORMATION

ENGLISH

Correct Disposal of This Product (Waste Electrical & Electronic Equipment) (Applicable in the European Union and other European countries with separate collection systems) This marking shown on the product or its literature, indicates that it should not be disposed with other household wastes at the end of its working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate this from other types of wastes and recycle it responsibly to promote the sustainable reuse of material resources. Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take this item for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract. This product should not be mixed with other commercial wastes for disposal.

Li-ion

This equipment is for home use, and has acquired electromagnetic conformity registration, so it can be used not only in residential areas, but also other areas.

Battery: Build-In Battery

Battery Type: Lithium-ion Battery

Do not attempt to replace or remove the battery yourself, you may damage the battery which could cause overheating, fire, and injury. The built-in battery should be replaced by authorized service provider, and must be recycled or disposed of separately from household waste. Dispose of batteries according to your local environmental laws and guidelines.

Batterie: Integrierte Batterie

Batterie-Typ: Lithium-Ionen-Akku

Bevor du die Batterie entfernst, achte darauf, dass sie komplett entladen ist, und schau im Benutzerhandbuch nach, ob es spezielle Hinweise dazu gibt. Bitte entsorge Batterien gemäß den für dich geltenden Umweltbestimmungen und Richtlinien.

BATTERY INFO

Risk of fire or explosion or defeat the safeguard of equipment if the battery is replaced by an incorrect type. Replace only with the same or equivalent type. Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion. High or low extreme temperatures or low air pressure at high altitude that the battery can be subjected to during use, storage or transportation. Leaving the battery in an extremely high temperature and/or low air pressure surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.

EU PRODUCT AND BATTERY DISPOSAL INFORMATION

BATTERY WARNING

The product contains a Li-ion rechargeable battery. In general, the life expectancy of such batteries is dependent upon usage. If you suspect that the Li-ion rechargeable battery inside the product may be drained (has a low charge), try charging it.

FCC CAUTION STATEMENT / AVERTISSEMENT DE LA FCC

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

USA SAR

The SAR limit of USA (FCC) is 1.6 watt/kg (W/kg) averaged over one gram of tissue. This device has also been tested against this SAR limit.

FCC RADIATION EXPOSURE STATEMENT

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

NOTICE FOR CANADA

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may

cause undesired operation of the device.

This Class B digital apparatus complies with Canadian ICES-003.

CANADIAN CLASS B STATEMENT

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the radio interference regulations of Industry Canada.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 0mm between the radiator and your body.

CANADA SAR

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. This equipment should be installed and operated with a minimum distance of 0mm between the radiator and your body. The SAR limit of Canada (ISED) is 1.6 watt/kg (W/kg) averaged over one gram of tissue. This device has also been tested against this SAR limit.

RADIATED EXPOSURE STATEMENT

The product comply with the Canada Portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1) L'appareil ne doit pas produire de brouillage;

2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.

RF exposure (SAR): The device can safely be used with a distance of 0 mm to the human body.

BRAZIL

Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados. Para maiores informações, consulte o site da ANATEL –www.gov.br/anatel/pt-br

MEXICO

“La operación de este equipo está sujeta a las siguientes dos condiciones:
