OPEN Antenna for
Maximum Range

Part 15.125, Rev. B

10.5-REV. 2004-7/04

This device complies with part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) This device may not cause harmful interference,
and (2) this device must accept any interference received,
including interference from authorized radio transmitters.
This device has been tested and found to comply with the
limits for class B digital devices. The limits are designed to
provide reasonable protection against harmful interference
in a domestic environment. This device should not be used
near a radio receiver. If the device causes interference to
radio reception, turn the device off and on to see if the
interference stops. If the interference persists, contact the
manufacturer for assistance. The manufacturer is not
responsible for any interference caused by this device.
This device is not to be used in Canada.
