SUBJECT: Class II Permissive Change for FCC ID: RYK-WUBR507N

The product, 802.11abgn Wireless USB Module, has been granted by FCC dated 05/27/2011 under FCC ID: RYK-WUBR507N. The intension of this application is to enable the modular certified FCC ID: RYK-WUBR507N to be integrated in specific host Camera/ Brand: **Phaseone**/ Model: **Phase One IQ Series 2** and to certify the additional of certified FCC ID: RYK-WUBR507N as a Class II Permissive Change.

The module installed into host platform mentioned above is electronically and mechanically identical to the original certified module. The Original FCC testing on module under FCC ID: RYK-WUBR507N was performed with an antenna of higher gain, and the antenna was connected to the module in an open environment. The current host platform under application uses an antenna of the same type but of lower gain and is installed inside the host platform enclosure. The physical restraints introduced by the host platform should have resulted in equal or lower level of radiated emission. Therefore, additional Radiated emission testing was not necessary.
