

Software Setup Guide

1. Insert the installation OMS CD (included in the box) into your PC.
- 2: When the installation wizard window comes up as shown below, click on **NEXT**.

3. When the following window appears, click on **YES**.

4. Choose the location where you want the software to be installed and click on **NEXT**.

5. Once the following window appears, click **NEXT**.

6. The software should automatically begin to install as shown below:

7. After installation has been completed, click on ***Finish***.

Note: You will need to remove the older version of the software before installing the newer version.
