RE: Declaration of Similarity
FCC ID: S4GSEM357L
IC ID: 8735A-SEM357L

To Whom It May Concern:

Please be advised that the models sETRX357-LRS, sETR357HR-LRS, sETRX357-LRS8 and sETR357HR-LRS8 all use identical integrated transceivers and RF frontend circuitry.

The differences between the models are that the "HR" variants host a coaxial U.FL antenna connector which was tested with two different external antennas, whereas the non-"HR" variants contain a on board antenna, which was also tested separately.

In addition to this the modules with the suffix "8" contain an extra 8Mbit of flash memory, which has been tested to not affect the RF performance whatsoever.

Thank you for your attention to this matter.

Yours faithfully
Telegesis (UK) Ltd.

Marius Munder
