To Whom It May Concern,

Please note the certification is for Star Solutions International's Base Station equipment only because the product does not have an antenna attached to it, nor associated with it. Star Solutions International does not mandate which antenna the end user must use with the base Station. Therefore, Star Solutions provides documentation for the RF Exposure calculation and installation instructions to the end user.

Please refer to the 1. BD-TN-0301 LTE FDD COMPAC-N User's Manual-BC25.pdf document.

Description: LTE Band Class 25 Base Transmission Station
