

3128 UHF RFID READER LABELS

PRODUCT INFORMATION

The TSL 3128 Reader is a modular UHF RFID Reader, with a detachable 'Power Handle' accessory. When purchasing a 3128 Reader, the Orderable Part Number (e.g. **3138-AS1-US**) dictates the choice of region, choice of antenna and choice of Power Handle. The supplied Power Handle accessory can be specified as either:

- A Power Handle with USBC connector
- A Power Handle with 8-way Power Pins

3128 Reader - complete assembly

3128 Reader, with Power Handle accessory removed

PRODUCT PACKAGING

The box label shows the Orderable Part Number.

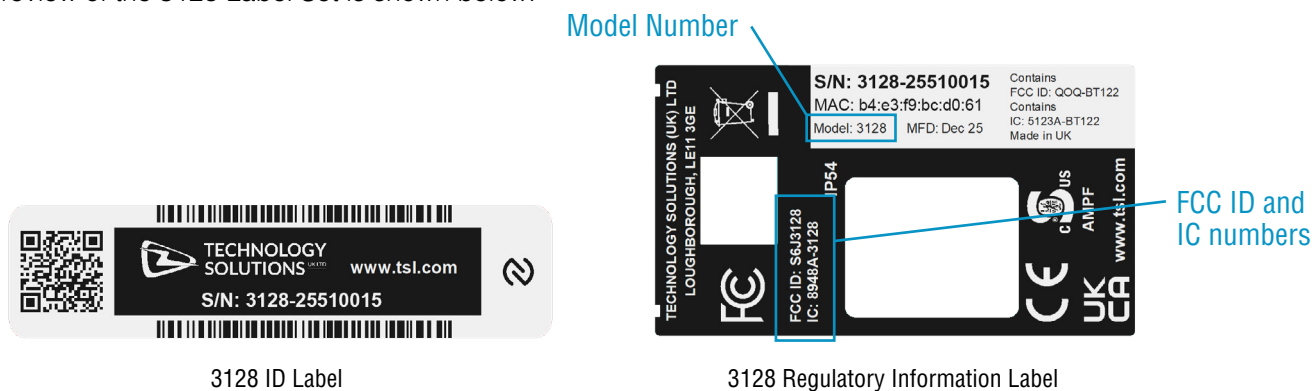

Orderable Part Number shown on box label

THE 3128 LABEL SET

The 3128 Label Set consists of an ID label and Regulatory Information label. The ID Label contains the Reader's serial number, TSL logo and TSL website URL. The Regulatory Information label displays further information including date of manufacture, country of manufacture and the relevant regulatory information and symbols. A preview of the 3128 Label Set is shown below:

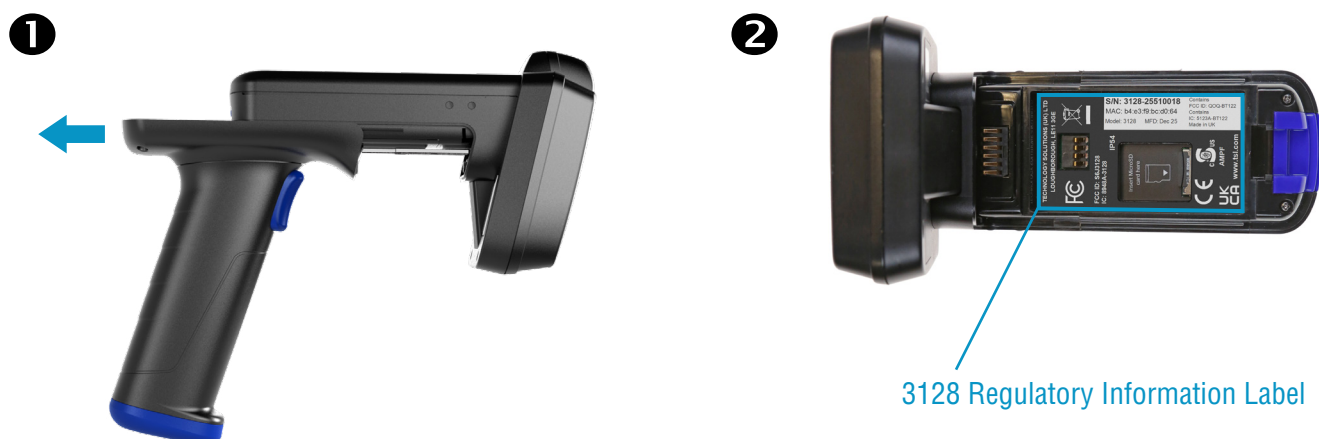

Location of 3128 Labels

The 3128 ID Label is located on the top surface of the 3128 Reader

The 3128 Regulatory Information Label can be accessed by removing the Power Handle accessory:

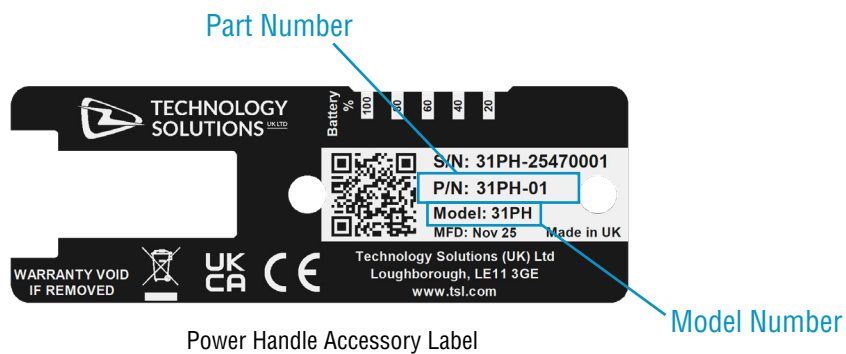

THE POWER HANDLE ACCESSORY LABEL

The Power Handle Label contains the handle's serial number, TSL logo and TSL website URL, plus relevant regulatory information and symbols including model number, part number, date of manufacture, country of manufacture. The Power Handle's individual part number is one of the following:

- **31PH-01** - Power Handle with USBC connector
- **31PH-02** - Power Handle with 8-way Power Pins
