Applicant: Sena Technologies Co., Ltd.**Model name: APEX, APEX PLUS****FCC: S7A-SP198 / IC: 8154A-SP198**

To. Whom it may concern:

I. We, Sena Technologies Co., Ltd would like to add model name and difference is like below.

Model Type	Model Name	Changes Description
Base Model	APEX	Supports 1:1 Bluetooth communication only. The multi-party communication feature is disabled via software.
Variant Model	APEX PLUS	Supports both 1:1 and multi-party Bluetooth communication.

**The variant model (APEX PLUS) is identical to the basic model (APEX) in terms of hardware, including the RF circuitry and antenna. The difference in communication features is controlled solely by software (firmware).*

Sincerely,

Seunhyun Kim / Research Engineer
