

BACtrack Z9 Pro (BT-Z9) Packaging

In accordance with KDB 784748 D02 e-labeling v02r01 Section 4.5, the FCC ID (S8B-Z9) is permanently printed on the outer retail packaging and is clearly visible at the time of importation.

The updated packaging artwork for each certified variant has been provided. The packaging label includes:

FCC ID: S8B-Z9
IC: 10935A-Z9
HVIN: BT-Z9

The FCC ID is therefore visible on the packaging at the time of importation, satisfying the labeling requirement for devices utilizing electronic labeling.

BACtrack Z9 Enforce (BT-Z9-EN) Packaging

In accordance with KDB 784748 D02 e-labeling v02r01 Section 4.5, the FCC ID (S8B-Z9) is permanently printed on the outer retail packaging and is clearly visible at the time of importation.

The updated packaging artwork for each certified variant has been provided. The packaging label includes:

FCC ID: S8B-Z9
IC: 10935A-Z9
HVIN: BT-Z9-EN

The FCC ID is therefore visible on the packaging at the time of importation, satisfying the labeling requirement for devices utilizing electronic labeling.

BACtrack Z9 (BT-Z9-RM) Packaging

In accordance with KDB 784748 D02 e-labeling v02r01 Section 4.5, the FCC ID (S8B-Z9) is permanently printed on the outer retail packaging and is clearly visible at the time of importation.

The updated packaging artwork for each certified variant has been provided. The packaging label includes:

FCC ID: S8B-Z9
IC: 10935A-Z9
HVIN: BT-Z9-RM

The FCC ID is therefore visible on the packaging at the time of importation, satisfying the labeling requirement for devices utilizing electronic labeling.

BACtrack Z9 Remote Monitoring

Contains: 1 Breathalyzer, 5 Mouthpieces, Charging Cable, Instructions

Intended Use: Screens for the presence of alcohol in human breath; used in the diagnosis of alcohol intoxication. Estimates and results may vary. This product cannot determine the subject's exact blood alcohol concentration (BAC) and should not be used for such purposes. Read the enclosed instructions first to ensure proper use, accuracy limitations and calibration requirements. It is very important to have the instrument calibrated periodically as recommended in the instructions. Failure to do so may result in inaccurate readings. Do not rely upon results to determine your level of intoxication or your ability to safely operate motor vehicles or heavy machinery. Contains Lithium-Ion Battery. Must be recycled or disposed of properly.
