

A collection of electronic components laid out on a grey surface. In the center is a black rectangular module labeled 'TRAKLITE' and 'COM 1'. To its left is a black antenna on a stand. To its right is another black antenna on a stand, with a black computer mouse attached to its base. A long, coiled black cable is also connected to the right antenna. In the foreground is a large, tangled bundle of multi-colored wires. Several other black cables are coiled around the central module.
