

## Ruckus Product Family VX2X25 Operational Theory

Note that the Product Family VX2X25 contains two product models:

1. VF2825
2. VC2725

The VF2825 is a Wireless Router designed to process Video Traffic. The VC2725 is a Wireless Router designed to process Voice Traffic. Both of these products are certified under the Product Family VX2X25.

The below diagram provides the Operational Theory of the products.
