April 7, 2014

RE: CONFIDENTIALITY REQUEST FOR Base V3/S30/S9PS30
To Whom It May Concern:

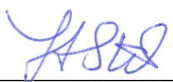

This letter serves as an official request for permanent confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the schematics, Bill Of Material, block diagrams, Theory of operation and layout required to be submitted with this application be permanently withheld from public review.

The above documents are company proprietary information that could never get into the possession of your competition. LifeShield LLC has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Please contact me if there is any information you may need.

Sincerely,

By:
