The photograph shows the internal components of a laptop. At the top is the bottom case, which is a light-colored metal frame. It contains a large rectangular battery pack in the center, labeled 'PE801008'. Various cables and connectors are visible within the case. Below the case is the motherboard, a green printed circuit board with various electronic components, including a central processor, memory modules, and various ports. At the bottom center is a small, rectangular metal bracket with a central cutout.
