RE: Change of Identification Authorization: FCC ID: TWG-SDC SSD40NBT
IC ID: 6616A-SDC SSD40NBT

Dear Sir or Madam:

Laird (formerly Summit Data Communications, Inc.) has applied for, and has been granted the Federal Communications Commission (FCC) registration number TWG-SDC SSD40NBT and the Industry Canada (IC) registration number 6616A-SDC SSD40NBT for its radio module which carries model number SDC-SSD40NBT.

This letter grants authorization for representatives of Nordic ID to apply to the FCC/IC for a change in identification as specified in 47 CFR 2.933 of the FCC rules. This authorization applies to the Laird module mentioned above (FCC ID: TWG-SDC SSD40NBT and IC ID: 6616A-SDC SSD40NBT). We are aware that Nordic ID intends to market the above referenced product under its own FCC and IC IDs.

The device is being supplied to the applicant unmodified and equivalent to the original approved unit. The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

Sincerely,

A handwritten signature in dark ink that reads "Sue White". The signature is fluid and cursive, with the first name "Sue" and last name "White" clearly distinguishable.

Sue White
