Gentlemen:

AMDS LLC respectfully requests confidentiality of certain materials provided with the submission of the AMDS-1000 under FCC ID: SDBAMDS1000TR in accordance with FCC Regulations 0.459. The confidentiality request applies to the schematics, theory of operations, circuit descriptions, system descriptions, and any other documents marked "confidential" on the documents themselves, contained in this filing. The AMDS-1000 has been developed at considerable effort and expense by AMDS LLC. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,

Name: Robert J. Davis
