Re: FCC ID: SDBFXZIG210

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model FXZIG210 for certification under FCC Parts 24, 101 and 15.247.

The FXZIG210 is a transceiver module that incorporates a Sensus FLEXNET 900MHz transceiver and a Zigbee 2.4GHz transceiver.

The FXZIG210 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Sam Wismer". The signature is fluid and cursive, with the first name "Sam" being particularly prominent.
