Re: FCC ID: SDBSLCPIM

To Whom It May Concern:

The following application is submitted on behalf of our client, Sensus Metering Systems, Inc., for evaluation of their model SLCPIM for certification under FCC Part CFR 47 Part 24 Subpart D, Part 101 Subpart C.

The SLCPIM is a NEMA plug-in module and part of the expanding Sensus Streetlight Control System to allows users to monitor and control both legacy and LED streetlights, significantly reducing energy consumption and maintenance costs.

The SLCPIM was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
