RE: STATEMENT OF COMPLIANCE WITH 15.204(a) and (b)

To Whom It May Concern:

This letter shall serve as ProSoft Technology, Inc. statement showing compliance with the requirements of paragraph 15.204(a) and (b) as the manufacturer of the device approved under FCC ID# SDZ-WA-1 in 2004.

15.204 (a) and (b) states the following:

(a) Except as otherwise described in paragraph (b) of this section, no person shall use, manufacture, sell or lease, offer for sale or lease (including advertising for sale or lease), or import, ship or distribute for the purpose of selling or leasing, any external radio frequency power amplifier or amplifier kit intended for use with a part 15 intentional radiator.

(b) A transmission system consisting of an intentional radiator, an external radio frequency power amplifier, and an antenna, may be authorized, marketed, and used under this part. However, when a transmission system is authorized as a system, it must always be marketed as a complete system and must always be used in the configuration in which it was authorized. An external radio frequency power amplifier shall be marketed only in the system configuration with which the amplifier is authorized and shall not be marketed as a separate product.

ProSoft Technology, Inc. will comply with the requirements of paragraph 15.204 (a) and (b) as stated above.

Sincerely,

Ben Mathison
