Abteilung B – Register Nr. 42 324

Datum
Berlin, 16.12.2004

Applicant's declaration concerning RF Radiation Exposure

We hereby indicate that the product

nanoNET TRX 2.4 GHz CSS Transceiver
FCC ID: SIFNANONET-TRX

is considered to be a mobile transceiver.

The internal / external antennas used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the nanoNET TRX 2.4 GHz CSS Transceiver will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance. The appropriate information can be drawn from the test report and the accompanying calculations.
