Report Number : KSQ-FCC040915

FCCID : SIKL1704MN

6. Internal Photographs

6.1 EUT: LCD Panel, Top/Bottom View

FCCID : SIKL1704MN

The top photograph shows the front side of a custom PCB. It features a green PCB with various components including a microcontroller (labeled 'M5913'), several electrolytic capacitors, and a large black component (possibly a motor or actuator). The PCB is populated with numerous surface-mount components and has a complex layout of traces. The bottom photograph shows the back side of the same PCB, highlighting the intricate routing of traces and the placement of pads for components. The layout is dense and well-organized, with clear demarcations for different functional blocks.
