**Confirmation Identical Hardware Mitsumi Bluetooth Module
WML-C10 und WML-C19**

Dear Mr. Bauer,

we herewith confirm, that the Mitsumi Module, Part-no. "WML-C10" is identical to the one with Part-no. "WML-C19".

The only difference is the flash memory: The WML-C10 is equipped with a 4MBit flash, the WML-C19 with a 8MBit flash.

Should you have further questions, please do not hesitate to contact me again.

Kind regards,

R. Katharina Maurer
