Vienna, 11th October 2004

Application for equipment certification, FCC ID: SJ3MUG608AETT406

Dear Mr. Herrmann!

We hereby submit the application for certification for our product *BionicLink* according to FCC part 15. Our product is a serial cable replacement for configuration and diagnosis of our families of prosthetic devices. It is based on a prequalified *Bluetooth*® module WML-C19NHN made by Mitsumi Electronic Co., Ltd., Japan. According to informations from Mitsumi, the WML-C19NHN is identical with the WML-C10NHN, except a larger Flash memory. The WML-C10NHN is filed under FCC ID POOWML-C10XX.

The *BionicLink* will be marked with the FCC ID SJ3MUG608AETT406.

The table on the next page shows the included documents.
