Dear Sir/Madam,

The [Digital/Analog Repeater](#), LMR with FCC ID: [SK4BDR-1550](#) was designed to operate in the frequency bands [136~174MHz](#)

To aid equipment authorization in other countries which accept the United States FCC Grant for certification,

[BridgeIP, LLC](#) is requesting that the FCC lists the frequencies [136~174MHz](#), under FCC Rules Parts 90 on the FCC Grant.

[BridgeIP, LLC](#) attests that the radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 90.

Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.
