

## GUI Declaration letter

Date: 2014-09-17

FCC ID: **SK6-XR630**

FCC ID: **SK6-XR620**

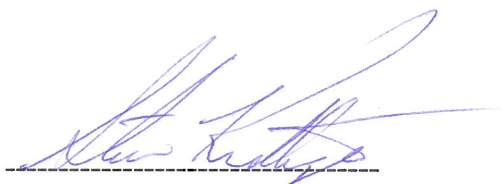

To Whom It May Concern:

We, Xirrus, Inc. declare that as part of the DFS functionality in the WLAN driver, software is implemented to react to radar detection messages and move to a new channel. The control of this functionality is not accessible to anyone under any conditions.

Furthermore, the firmware is locked by a proprietary password, and integrity is verified using a CRC checksum and cannot be changed or modified by end user.

Thank you for your attention.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Steve Krattiger", is written over a horizontal dashed line.

Steve Krattiger / Director, Hardware Engineering
