Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

SUBJECT: Change of ID

To Whom It May Concern:

This letter grants authorization for the representative of Itron to apply to the FCC for a change in identification as specified under 47CFR section 2.933 of the FCC rules.

The original certification FCC ID: SQG-LWB5PLUS will remain valid.

This authorization applies to the Ezurio LLC model Sterling-LWB5+, FCC ID: SQG-LWB5PLUS. The original grant date was December 27, 2022.

Itron, with corporate offices located at 2111 N Molter Rd, Liberty Lake, WA 99019 USA, is requesting this change of identification through their branch office located at 313 SC-11 b, West Union, SC 29696.

Itron will be marketing the Sterling-LWB5+ module as a product under a new FCC Identifier. Itron's grantee code is SK9 and proposes that it be issued with FCC Identifier SK9-LWB5PLUS for the module.

Ezurio LLC has no control or responsibility regarding the installation and use of the Sterling-LWB5+ module in the products outlined by Itron. As a result, Itron takes ownership and responsibility for compliance with their products which include the SK9-LWB5PLUS module.

The original test results, technical information and relevant documents continue to be representative of and applicable to the changed equipment. Any confidential information regarding the SQG-LWB5PLUS module shared with various test and certification firms shall remain confidential amongst the parties involved and not be shared to other third parties (including Itron) unless authorized.

Sincerely,

Brian E. Petted, Technology Leader
