Setup Guide

Please visit: www.thetrackr.com/support Email: support@thetrackr.com

01

Compatible devices

iPhone 4s & later, iPad 3rd Generation & later, and Android 4.4 & later.

02

Download TrackR app

Search the App Store or Google Play for TrackR.

03

Turn Bluetooth ON

Make sure your phone's Bluetooth is turned ON, and open the TrackR app.

04

Location & Bluetooth

Please accept the requested app permissions. You can modify these permissions in your phone's settings menu.

05

Register (optional)

Register for Crowd GPS. You will receive an email to confirm your account. When done, select "Register".

06

Select "Add a New Device"

When prompted, select "Add a New Device".

07

Press button

Press the button on the device. You should hear a beep and the device should blink.

08

Select "TrackR"

Select "TrackR" and the device will connect. If you don't see the TrackR device listed, verify Bluetooth & press "refresh"

09

Select device

Select the icon you want for the item or belonging you are tracking.

10

Complete

Setup is complete. Enjoy your TrackR!

WARNING

CHOKING HAZARD - Small Parts. Not for children under 3 years.

1. For best results, use type CR1616 batteries.
2. Install only new batteries of the same type in your product.
3. Failure to insert batteries in the correct polarity, as indicated in the battery compartment, may shorten the life of the batteries or cause batteries to leak.
4. Do not mix old and new batteries.
5. Do not mix Alkaline, Standard (Carbon-Zinc) or Rechargeable (Nickel Cadmium) or (Nickel Metal Hydride) batteries.
6. Do not dispose of batteries in fire.
7. Batteries should be recycled or disposed of as per state and local guidelines.

To Replace Battery:

- 1) slide out the battery tray & remove battery
- 2) insert new battery with + sign facing up
- 3) Close tray

Warning: Changes or modification to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.

TrackR is covered with a limited 1 year warranty. You can read the terms of the warranty at <http://www.thetrackr.com/warranty>

FCC Compliance

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received including interference that may cause undesired operation.
