Statement

We, **ZTE CORPORATION** requests acceptance of the labeling proposal described below for mobile phone bearing FCC ID: SRQ-ZTEN9131.

It's very easy to see the label, as you just need to take off back shell via nail.
Please refer to the picture 1, there is a small gap on the edge of phone's back shell.

Picture 1:

Please notice, the phone's back shell is fixed with host via buckle, there is no adhesive used refer to picture 2.

Picture 2:

So we directly print the FCC ID on the left/middle side of our package (box), so that it is always viewable every time when a new device is purchased. Every one could open the shell (left in picture 3) and see the label easily (left in picture 3) on the left/middle side of our package (box), which is non-removable.
