RE: PART 15 UNLICENSED LIMITED MODULAR TRANSMITTER APPROVAL

To Whom It May Concern:

We, Phoenix Testlab, hereby requests, in the name of Miele, for part 15 unlicensed limited modular transmitter approval of our device, described as follows:

FCC ID: SSVNAEPI01

In FCC Public Notice DA 00-1407 released June 26,2000 there are eight numbered requirements that our device complies with:

- 1. The modular transmitter does not have its own shielding. The module is only installed by the Grantee Miele.**
- 2. The modular transmitter includes buffered modulation/data inputs in IC PIC24FJXXGA002**
- 3. The modular transmitter does not have its own power supply regulation and the module is limited to 3.3 V DC +/- 5%. The module is only installed by the Grantee Miele.**
- 4. The modular transmitter complies with the antenna requirements of Section 15.203 and 15.204c. The antenna is builded directly into the oven**
- 5. The modular transmitter was tested inside different ovens as documented in the filing**
- 6. The modular transmitter is labelled with its own FCC ID number, refer to the integration manual**
- 7. The modular transmitter complies with the specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.**
- 8. The modular transmitter is exempted from the applicable RF exposure requirements.**
