

Unifi® Protect

Smart Chime

Wireless chime that can be plugged into a standard wall outlet and used with UniFi Protect doorbells.

The Smart Chime (UP Chime) is a wireless, mesh-covered chime that connects to a Protect doorbell and rings whenever it is pressed. This peripheral device is ideal for households that do not have a wired chime system or have one that is incompatible with their Protect doorbell. The Smart Chime is also seamlessly integrated with UniFi Protect to ensure that it's simple to set up and manage via either the web application or mobile app.

FCC

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions.

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This radio transmitter (FCC ID: SWX-UPCME) has been approved by FCC.
