

Statement of Conformity

Model: **VN-277W1M3** Video Node 100-277VAC, 50-60Hz, WiFi Client
 VN-240W1M3 Video Node 100-240VAC, 50-60Hz, WiFi Client
 VN-480W1M3 Video Node 480VAC, 60Hz, WiFi Client

Note: VN-240W1M3 is not intended for use in USA and Canada.

Concerning the Sensity Systems Video Node, we declare that the client software and it's associated drivers will not initiate any transmission on US DFS frequencies without initiation by the master access point. This includes the restriction on transmissions for beacons and support for ad-hoc peer-to-peer modes.
