System Requirements
Minimum: iOS 9.3, Android™ 4.4 KitKat or higher
- Dedicated 2.4GHz Wi-Fi Network -

YOUR SCREEN IMAGES MAY DIFFER FROM THIS USER GUIDE.

1

Download the Felt Electric App

Download on the App Store

GET IT ON Google Play

2

Go to your Wi-Fi settings and connect your phone to your 2.4GHz Wi-Fi network.
(NOTE: Only works with 2.4GHz Wi-Fi networks)

3

Launch the App and tap **Register** for new accounts or **Login** for existing accounts.

4

Enter E-Mail address, then tap **Continue**.
(A verification code will be sent to your email)

5

Create a Password then tap **Done**.

6

Permissions & Location Access

7

Allow Notifications (Highly Recommended).

8

Adding Device
NOTE: Only works with 2.4GHz Wi-Fi networks

Install and power On bulb(s), then tap **Add Device** or the **plus (+)** sign on upper right corner.

9

Simple Pairing Mode

Enable Bluetooth on your smart device for simple pairing.

10

Make sure you are connected to a 2.4GHz Wi-Fi Network. The device name(s) will pop up for Simple Pairing enabled devices. Tap on **Go to add**.

11

Make sure the bulb is blinking, then select one from the list. Tap on **+ sign**.

NOTE: If the bulb is not blinking, turn bulb OFF-On-Off-On-Off-On

12

Select your 2.4GHz Wi-Fi network, tap **Confirm**.

13

The status window will appear and show progress toward set-up

NOTE: If unsuccessful, the "Failed to Add" screen will appear. Quit the app and repeat the previous steps.

14

To rename the device, tap the **Pen** icon, enter the new name and tap **Done**. The smart bulb is now ready to be controlled with the Felt Electric App.

NOTE: Constant power to the bulbs is required at all times

15

Alternative Set-up Method (EZ-Mode)

Install and power On light(s) then tap **Add Device** or the **plus (+)** sign on upper right corner.

NOTE: Use this pairing mode to connect multiple devices at a time or if there are issues with Simple Pairing Mode.

16

RF exposure statement

This equipment complies with the FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

This equipment meets the exemption from the routine evaluation limits in section 2.5 of RSS-102. It should be installed and operated with a minimum distance of 20cm between the radiator and any part of your body.

Cet équipement est conforme à l'exemption des limites d'évaluation habituelle de la section 2.5 de la norme RSS-102. Il doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et toute partie de votre corps.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Note: Bluetooth function will be turned off in the actual product. Bluetooth will be turned off when the product is working and will not be used
