Board View 1****Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a small, rectangular green printed circuit board (PCB) component. The component is positioned horizontally on a blue textured surface. A metal ruler is placed vertically to the left of the component, showing a scale from 1 to 18 cm. Another metal ruler is placed horizontally below the component, showing a scale from 1 to 28 cm. The component has several small, dark, rectangular solder joints or components on its surface.
Solder Board-Component View 3	 A photograph of a long, narrow green printed circuit board (PCB) component. The component is positioned horizontally on a blue textured surface. A metal ruler is placed vertically to the left of the component, showing a scale from 1 to 27 cm. Another metal ruler is placed horizontally below the component, showing a scale from 1 to 39 cm. The component has various electronic components, including a large yellow capacitor, several resistors, and a blue integrated circuit (IC) on its surface.

Solder Board-Component View 4	 A photograph showing a small green printed circuit board (PCB) component with various electronic components and solder joints. The component is positioned horizontally on a blue background. A metal ruler is placed vertically to the left of the component, showing measurements from 1 to 30. Another metal ruler is placed horizontally below the component, showing measurements from 1 to 44.
Solder Board-Component View 5	 A photograph showing the same small green PCB component from a different angle. The component is positioned vertically on a blue background. A metal ruler is placed vertically to the left of the component, showing measurements from 1 to 21. Another metal ruler is placed horizontally below the component, showing measurements from 1 to 31.

Solder Board-Component View 6	 A photograph showing a small green circuit board component with a long, thin antenna wire attached. The component is placed on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing measurements from 1 to 18 cm. Another metal ruler is positioned horizontally below the component, showing measurements from 1 to 30 cm.
Antenna View	 A photograph showing the same green circuit board component and antenna wire as in the previous view. A red rectangular box highlights the antenna wire. A red line points from the text "2.4GHz Antenna" in a red box to the antenna wire. A metal ruler is positioned vertically to the left of the component, showing measurements from 1 to 21 cm. Another metal ruler is positioned horizontally below the component, showing measurements from 1 to 31 cm.
