Trademark Notice

Precor, AMT, EFX, and Preva are registered trademarks of Precor Incorporated. Other names in this document and all documents included in this purchase may be the trademarks or registered trademarks of their respective owners.

Intellectual Property Notice

All rights, title, and interests in and to the software of the Preva Business Suite, the accompanying printed materials, any copies of such software, and all data collected via the Preva Business Suite, are exclusively owned by Precor or its suppliers, as the case may be.

Precor is widely recognized for its innovative, award-winning designs of exercise equipment. Precor aggressively seeks U.S. and foreign patents for both the mechanical construction and the visual aspects of its product design. Any party contemplating the use of Precor product designs is hereby forewarned that Precor considers the unauthorized appropriation of its proprietary rights to be a very serious matter. Precor will vigorously pursue all unauthorized appropriation of its proprietary rights.

Important Safety and Regulatory Instructions

Important Save these instructions for future reference.

Read all documentation provided with your exercise equipment, including all assembly guides, user guides, and owner's manuals, before installation of this device.

Note This product is intended for commercial use.

The display apparatus (hereinafter referred to as the *console*) is intended to be shipped with new Precor exercise equipment (hereinafter referred to as the *base unit*). It is not packaged for individual sale.

WARNING To prevent injury, the console must be attached securely to the base unit following all assembly and installation instructions shipped with the base unit. The console is intended to be connected to AC mains power through the furnished power supply ONLY. It should be powered on only when installed as described in the assembly and installation instructions shipped with the base unit. The console is intended for use only with Precor fitness equipment, not as a standalone device.

Safety Precautions

Always follow basic safety precautions when using this equipment to reduce the chance of injury, fire, or damage. Other sections in this manual provide more details of safety features. Be sure to read these sections and observe all safety notices.

OWNER INSTRUCTIONS

- Follow all instructions in this guide before installing and using the equipment and follow any labels on the equipment.
- Use the equipment only for its intended purpose as described in this manual. Do not use accessory attachments that are not recommended by Precor. Such attachments may cause injuries.
- Do not use outdoors.
- Assemble and operate the equipment on a solid, level surface.
- Use the power adapter provided with the equipment. Plug the power adapter into an appropriate, grounded power outlet as marked on the equipment.
- Keep the power cord or optional power adapter and plug away from heated surfaces.
- Never operate this equipment if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or exposed to water. Call for service immediately if any of these conditions exist.
- Route power cables so that they are not walked on, pinched, or damaged by items placed upon or against them, including the equipment itself.
- Ensure the equipment has adequate ventilation. Do not place anything on top of or over the equipment. Do not use on a cushioned surface that could block the ventilation opening.

- **Spacing** The below minimum spacing recommendations are based on a combination of the ASTM (U.S.) voluntary standards and EN (European) regulations as of October 1, 2012, for access, passage around, and emergency dismount:
 - **Treadmills:** a minimum of 0.5 m (19.7 in.) on each side of the treadmill and 2 m (78 in.) behind the machine.
 - **Cardio equipment other than treadmills:** a minimum of 0.5 m (19.7 in.) on at least one side, and 0.5 m (19.7 in.) behind or in front the machine.

Consider carefully the requirements of the Americans with Disabilities Act (ADA), US Code 28 CFR (see Section 305). ASTM standards are voluntary and may not reflect current industry standards. The actual area for access, passage around, and emergency dismount is the responsibility of the facility. The facility should consider the total space requirements for training on each unit, voluntary and industry standards, and any local, state, and federal regulations. Standards and regulations are subject to change at any time.

Important These spacing recommendations should be used when positioning equipment away from sources of heat, such as radiators, heat registers, and stoves. Avoid temperature extremes.

- Never leave the equipment unattended when it is plugged in. Unplug the equipment from its power source when it is not in use, before cleaning it, and before providing authorized service.
- **Note** The optional power adapter is considered a power source for self-powered equipment.
- Do not operate the equipment where aerosol (spray) products are being used or where oxygen is being administered.
- Maintain the equipment to keep it in good working condition, as described in the *Maintenance* section. Inspect the equipment for incorrect, worn, or loose components, and then correct, replace or tighten prior to use.
- If you plan to move the equipment, obtain help and use proper lifting techniques.
- Do not attempt to service the equipment yourself, except to follow the maintenance instructions in the owner's manual.
- Make sure all users see a physician for a complete physical examination before they begin any fitness program, particularly if they have high blood pressure, high cholesterol or heart disease; have a family history of any of the preceding conditions; are over the age of 45; smoke; are obese; have not exercised regularly in the past year; or are taking any medication.
- Do not allow children, or people unfamiliar with the operation of this equipment, on or near it. Do not leave children unsupervised around the equipment.
- Make sure all users wear proper exercise clothing and shoes for their workouts and avoid loose or dangling clothing. Users should not wear shoes with heels or leather soles, and they should check the soles of their shoes to remove any dirt and embedded stones. They should also tie long hair back.

CAUTION: DO NOT remove the cover or you may risk injury due to electric shock. Read the assembly and maintenance guide before operating. There are no user-serviceable parts inside. Contact Customer Support if the equipment needs servicing. For use with single phase AC power only.

USER INSTRUCTIONS

Before beginning any fitness program, you should obtain a complete physical examination from your physician.

When using exercise equipment, you should always take basic precautions, including the following:

- Read, understand, and test the emergency stop procedures before use.
- Care should be taken when mounting or dismounting the equipment.
- Hold onto a stationary handrail or handlebar while assuming the starting position on the equipment.
- Face the console at all times.
- If a safety code is available and enabled, users must enter four number keys in the correct order within two minutes to use the equipment or be denied access.
- **Equipment Weight Restrictions:** Treadmill: Do not use the treadmill if you weigh more than 400 pounds (180 kg). If you weigh more than 350 pounds (160 kg), do not run on the treadmill. Other fitness equipment: The weight limit is 350 pounds (160 kg).
- Treadmills: Always attach the safety clip to your clothing before beginning your workout. Failure to use the safety clip may pose a greater risk of injury in the event of a fall.

Important For safety, make sure you step onto the running belt while it is moving at or below 1 mile per hour (1.6 kilometers per hour).

- Treadmills: Straddle the running belt and attach the safety clip to clothing at waist level before touching the control console.
- Treadmills: Do not use typing or web surfing features while walking at speeds that exceed a slow and relaxed leisurely pace. Always stabilize yourself by holding a stationary handle bar while using typing or web surfing features.
- AMT and EFX: Always stabilize yourself by holding a stationary handle bar while using typing or web surfing features.
- Heart rate monitors are not medical devices. Various factors, including the user's movement, may affect the accuracy of the heart rate readings. The heart rate monitors are intended only as exercise aids in determining heart rate trends in general.
- Hold on to a stationary handrail or handlebar with one hand whenever you operate the console keys with the other hand.
- Never drop or insert objects into any opening. Keep hands away from moving parts.
- Do not set anything on the stationary handrails, handlebars, control console, or covers. Place liquids, magazines, and books in the appropriate receptacles.
- Do not lean on or pull on the console at any time.

Regulatory Information

Hazardous Materials and Proper Disposal

The batteries within self-powered equipment contain materials considered hazardous to the environment. Federal law requires proper disposal.

Product Recycling and Disposal

This equipment must be recycled or discarded according to applicable local and national regulations.

Product labels, in accordance with European Directive 2002/96/EC concerning waste electrical and electronic equipment (WEEE), determine the framework for the return and recycling of used equipment as applicable throughout the European Union. The WEEE label indicates that the product is not to be thrown away, but rather reclaimed upon end of life per this Directive.

In accordance with the European WEEE Directive, electrical and electronic equipment (EEE) is to be collected separately and to be reused, recycled, or recovered at end of life. Users of EEE with the WEEE label per Annex IV of the WEEE Directive must not dispose of end of life EEE as unsorted municipal waste, but use the collection framework available to customers for the return, recycling, and recovery of WEEE. Customer participation is important to minimize any potential effects of EEE on the environment and human health due to the potential presence of hazardous substances in EEE. For proper collection and treatment, refer to Obtaining Service.

Regulatory Notices for RFID/NFC and Wi-Fi/Bluetooth Modules

When equipped with a control console as described in this document, this equipment may include a radio-frequency identification (RFID) module. The RFID module has been certified to operate at temperatures between -20°C and 85°C (-4°F and 185°F).

Radio Frequency Interference (RFI)

The RFID module conforms to the following national standards defining acceptable limits for radio frequency interference (RFI).

This Precor exercise equipment conforms to the following national standards defining acceptable limits for radio frequency interference (RFI).

Federal Communications Commission, Part 15

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a commercial installation. The equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the owner's manual instructions, can cause harmful interference to radio communications.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

WARNING Per FCC rules, changes or modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment.

Industry Canada

This device complies with Industry Canada licence exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Treadmill Grounding Instructions

The treadmill must be grounded. If the equipment malfunctions or breaks down, grounding draws off electric current and reduces the risk of electric shock. The power cord on the treadmill is equipped with a grounding conductor and a three-pin grounding plug. This plug must be inserted into an outlet that is properly installed and grounded in accordance with all local codes and ordinances. Failure to ground the treadmill properly may void the Precor Limited Warranty.

DANGER: Improper connection of the grounding conductor can result in a risk of electric shock. Check with a qualified electrician or service person if you are not sure whether the equipment is properly grounded. Do not modify the plug provided with the treadmill. If the plug does not fit the outlet, have a proper outlet installed by a qualified electrician.

Electrical Recommendations: 120 V and 240 V Treadmills

Note This is a recommendation only. NEC (National Electric Code) guidelines or local region electric codes must be followed.

You should have received a power cable that meets your local electrical code requirements along with the equipment. Precor treadmills must be connected to a 20 amp individual branch circuit that can be shared only with one PVS. If you need additional help with the power connections contact your Precor authorized dealer.

Important An individual branch circuit provides a hot conductor and neutral conductor to a receptacle. The conductors must not be looped, "daisy-chained", or connected to any other conductors. The circuit must be grounded according to NEC guidelines or local region electric codes.

Commercial Cardiovascular Equipment

Limited Warranty

PLEASE READ THESE WARRANTY TERMS AND CONDITIONS CAREFULLY BEFORE USING YOUR PRECOR INCORPORATED PRODUCT. BY USING THE EQUIPMENT, YOU ARE CONSENTING TO BE BOUND BY THE FOLLOWING WARRANTY TERMS AND CONDITIONS.

Limited Warranty.

Precor Incorporated ("Precor") warrants all new Precor products to be free from defects in materials and manufacture for the warranty periods set forth below. The warranty periods commence on the invoice date of the original purchase. This warranty applies only against defects discovered within the warranty period and extends only to the original purchaser of the product. Parts repaired or replaced under the terms of this warranty will be warranted for the remainder of the original warranty period only. To claim under this warranty, the buyer must notify Precor or your authorized Precor Distributor within 30 days after the date of discovery of any nonconformity and make the affected product available for inspection by Precor or its service representative. Precor's obligations under this warranty are limited as set forth below.

Warranty Periods and Coverage.

All Commercial Cardiovascular Products manufactured and sold after January 1, 2015, subject to the terms and conditions set forth herein (excluding StretchTrainer, Strength Products, and coverage specific to certain models and options as defined below):

- Structural Frame: 7 years
- Treadmill Drive Motor: 5 years
- Items Subject to Wear: 1 year
- Mechanical and Electrical Parts (including PVS, transmitters): 2 years
- High Wear Console Items, including: Headphone Jacks, USB Connectors, and Apple Connectors: 90 days
- Third Party Television Receiver and/or Media Receiver Boxes (Set Top Boxes): 90 days
- Batteries, Non-integrated Receivers, Non-integrated PVS, and Controllers: 1 year
- Product Labor (including: Base, Console, PVS): 1 year

Limited Extended Warranty and Coverage.

To the extent the original purchaser purchases a limited extended warranty for Commercial Cardiovascular Products as set forth in a signed Product Quote that has been accepted by Precor, then such limited extended warranty (i) shall only apply to Mechanical and Electrical parts and Product Labor, if applicable, (ii) shall commence on the invoice date of the original purchase, (iii) shall replace, and not be in addition to, the warranty periods for Mechanical and Electric parts and Product Labor set forth above (e.g., the standard warranty period and the extended warranty period shall NOT be cumulative), and (iv) shall be subject to all the terms and conditions set forth herein.

In no event shall any limited extended warranty apply to the following parts:

- High Wear Console Items, including: Headphone Jacks, USB Connectors, and Apple Connectors
- Third Party Television Receiver and/or Media Receiver Boxes (Set Top Boxes)
- Batteries, Non-integrated Receivers, Non-integrated PVS, Cache Servers, and Controllers

Conditions and Restrictions.

This warranty is valid only in accordance with the conditions set forth below:

1. The warranty applies to the Precor product only if:
 - a. it has been serviced by a Precor Authorized Service Provider and/or Precor Certified facility staff. Outside of North America, such product must be serviced by Precor office or Precor Authorized Distributors.
 - b. it remains in the possession of the original purchaser and proof of purchase is demonstrated.
 - c. it has not been subjected to accident, misuse, abuse, improper service, or non-Precor modification.
 - d. Claims are made within the warranty period.
2. This warranty does not cover damage or equipment failure caused by electrical wiring not in compliance with electrical codes or Precor owner's manual specifications, or failure to provide reasonable and necessary maintenance as outlined in the owner's manual.
3. Precor is not responsible for Internet connectivity to its products. This restriction applies to services, such as those provided by an Internet service provider (ISP), and also to hardware related to Internet connectivity, such as Ethernet cabling, routers, servers and switches.
4. Precor is not responsible for the quality of television, video, audio, or other media supplied to its products. This restriction applies to services, such as those provided by a cable or satellite television provider; to signal strength and clarity; and also to hardware related to the reception and delivery of television, video, audio, and other media. Such hardware can include (but is not limited to) audio, video, and radio-frequency (RF) cabling, connectors, receivers, modulators, combiners, distribution amplifiers, splitters, and so on.

5. Precor cannot guarantee that the heart rate measurement system on its products will work for all users. Heart rate measurement accuracy varies based on a number of factors, including the user's physiology and age, the method in which the heart rate measurement system is used, external interference, and other factors that may influence heart rate acquisition.
6. Precor does not warranty the work or product of third party companies (e.g., head end systems, low voltage wiring, etc.)
7. Except in Canada, Precor does not pay labor outside the United States. Equipment limited warranty is void when equipment is installed in a country other than where sold.
8. Moving parts bolted to the structural frame are not included in the "Structural Frame" warranty (e.g., moving arms, seat and back pad assemblies, cross ramp assemblies, position adjustments, etc.)
9. In the case of commercial cardiovascular products sold into a residential (home) environment, the term of limited warranty coverage for mechanical and electrical parts (not including P80, PVS, or transmitters) is 5 years. All other terms of coverage under this warranty remain the same regardless of where the equipment is installed or used.

This Limited Warranty shall not apply to:

1. Software updates.
2. Software defects that do not materially and negatively affect the exercise functionality of the product under normal use conditions at the time of installation.
3. Consumable goods or cosmetic items of the product, to include all plastic or painted surfaces, the exterior of which has been damaged or defaced as a result of abuse, misuse, accident, improper service or installation, mishandling or modification in design or construction not authorized by Precor; including, without limitation, use or incorporation of any non-OEM (Original Equipment Manufacturer) replacement parts.
4. Cosmetic, structural, or functional damage (including rust, corrosion and unusual wear) caused by failure to follow the maintenance procedures described in the owner's manual.
5. Repairs performed on Precor equipment missing a serial number or with a serial tag that has been altered or defaced.
6. Service calls to correct installation of the equipment or instruct owners on how to use the equipment.
7. RFID tokens.
8. Cable raceway systems.
9. Pickup and delivery involved with repairs.
10. Any labor costs incurred beyond the applicable labor warranty period.

Disclaimer and Release.

The limited warranties provided herein are the exclusive warranties given by Precor and supersede any prior, contrary or additional representations, whether oral or written. ANY IMPLIED WARRANTIES, INCLUDING THE WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE THAT APPLY TO ANY PARTS DESCRIBED ABOVE ARE LIMITED IN DURATION TO THE PERIODS OF EXPRESS WARRANTIES GIVEN ABOVE FOR THOSE SAME PARTS. PRECOR HEREBY DISCLAIMS AND EXCLUDES THOSE WARRANTIES THEREAFTER. Some jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. PRECOR ALSO HEREBY DISCLAIMS AND EXCLUDES ALL OTHER OBLIGATIONS OR LIABILITIES, EXPRESS OR IMPLIED, ARISING BY LAW OR OTHERWISE, WITH RESPECT TO ANY NONCONFORMANCE OR DEFECT IN ANY PRODUCT, INCLUDING BUT NOT LIMITED TO: (A) ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY IN TORT, WHETHER OR NOT ARISING FROM THE NEGLIGENCE OF PRECOR OR ITS SUPPLIERS (WHETHER ACTIVE, PASSIVE OR IMPUTED); AND (B) ANY OBLIGATION, LIABILITY, RIGHT, CLAIM OR REMEDY FOR LOSS OF OR DAMAGE TO ANY EQUIPMENT. This disclaimer and release shall apply even if the express warranty set forth above fails of its essential purpose.

Exclusive Remedies.

For any product described above that fails to conform to its warranty, Precor will provide, at its sole discretion, one of the following: (1) repair; (2) replacement; or (3) refund of the purchase price. Precor Limited Warranty service may be obtained by contacting the authorized Precor office or Distributor from whom you purchased the item. Precor compensates Precor Authorized Servicers for warranty trips within their normal service area to repair commercial equipment at the customer's location. You may be charged a trip charge outside the service area. THESE SHALL BE THE SOLE AND EXCLUSIVE REMEDIES OF THE BUYER FOR ANY BREACH OF WARRANTY.

EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES.

PRECOR AND/OR ITS SUPPLIERS SHALL HAVE NO OBLIGATION OR LIABILITY, WHETHER ARISING IN CONTRACT (INCLUDING WARRANTY), TORT (INCLUDING ACTIVE, PASSIVE, OR IMPUTED NEGLIGENCE AND STRICT LIABILITY), OR OTHERWISE, FOR DAMAGE TO THE EQUIPMENT, PROPERTY DAMAGE, LOSS OF USE, REVENUE OR PROFIT, COST OF CAPITAL, COST OF SUBSTITUTE EQUIPMENT, ADDITIONAL COSTS INCURRED BY BUYER (BY WAY OF CORRECTION OR OTHERWISE) OR ANY OTHER INCIDENTAL, SPECIAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, WHETHER RESULTING FROM NONDELIVERY OR FROM THE USE, MISUSE OR INABILITY TO USE THE PRODUCT. This exclusion applies even if the above warranty fails of its essential purposes and regardless of whether such damages are sought for breach of warranty, breach of contract, negligence, or strict liability in tort or under any other legal theory. Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from one jurisdiction to another.
